Quoting Head Coach Amy Bond

"Our players worked hard to enjoy a historic season. They committed themselves to being great from the start – and that's exactly what they were – great from the beginning to the end. There are so many positives we enjoyed throughout the season. The program is now on a different level because of what these players accomplished this season.

"I couldn't be prouder of every member of our team," said Bond. "Each of them gave us everything they had each day they came to the course. They changed the work ethic of our team by doing what they do – working hard. That's a trait that all of our returning golfers can look to as they continue to help move this program forward. They can all see their hard work and the results it helped achieve for our team. It was great to see."

Florida State took over the nation's No. 1 ranking after winning the Jim West Challenge and the Cardinal Cup. The Seminoles then earned the highest NCAA regional seed in school history (No. 2) and finished in third place in the NCAA Columbus Regional Championship before earning their second consecutive top-20 finish at the NCAA National Championship Finals.
