## POSTGAME QUOTES

### **FSU Head Coach Leonard Hamilton**

"I thought Villanova did a much better job of playing to who they are than we did. We worked very hard to make sure they didn't get the 36 threes that they did and I think our guys did a good job of that. We did a poor job of containing them defensively when they started attacking us on the interior. On our offensive end, I think that we showed we have some errors in terms of ball movement and making the right decision. Sometimes they were very patient on offense and made us work on defense for the entire shot clock. Give them credit, they did a much better job of playing to their strengths than we did. I think our guys gave good effort and we are a team that has a chance to turn into a good basketball team."

### **Villanova Coach Jay Wright**

"I want to say how much respect we have for Florida State. Leonard (Hamilton) is one of my favorite guys in the business because of how hard his teams play. They are so well schooled and disciplined defensively. They kept grinding and kept battling so as a young team like the one we have it's a great victory for us."

### **F Eric Paschall**

"We just wanted to prove it to each other and show that we have each other's back out there. Dada (Dhamir Roundtree) had a heck of a tournament. Collin (Gillespie) played big, Collin is a killer, people don't really see that but he's a very good player. We just had a very together group and everyone had a great attitude. We are willing to get better every game."
