The mission of the Department of Intercollegiate Athletics at Florida State University is to create and sustain NCAA Division I programs for individuals that are characterized by comprehensive excellence. Florida State Athletics is committed to educate, coach, support and inspire all student-athletes to perform at the highest academic and athletic standards while demanding good sportsmanship, ethical behavior, service and personal development.

Excellence in intercollegiate Athletics programs is determined by academic achievement and the development of character, maturity, and a sense of fair play in Athletics programs. Moreover, it engenders support for the University among its many constituent groups, including students, faculty, alumni, and friends at the local, state, and national levels. In striving to become a leader among our peers, the Department subscribes fully to the philosophy and regulations and nondiscriminatory procedures established by the Florida Board of Governors and the Florida Legislature.

The explicit philosophy of the Department strongly encourages and supports our student-athletes in their endeavors to progress toward a degree while simultaneously participating in an intercollegiate Athletics program whose environment is consistent with the highest standards of academic scholarship, sportsmanship, ethics, and institutional loyalty.

Finally, the decisions and priorities of the Department should always focus on our student-athletes: first, as individuals; second, as students; and third, as athletes.
The University’s Title IX Director is responsible for overseeing the development of sexual misconduct policies, ensuring compliance with Title IX and relevant federal and state regulations, and investigating Title IX complaints alleging student sexual misconduct. The Human Resources Deputy Coordinator will oversee investigations of sexual misconduct by employees and third parties. The Athletics Deputy Coordinator will accept Title IX incident reports to forward to the Title IX Director, and will ensure athletics equity compliance. Questions regarding Title IX, as well as concerns about and complaints of non-compliance (including complaints of sexual harassment, sexual assault, sexual violence, or other sexual misconduct), should be directed to the Title IX Director or a Title IX Deputy Coordinator.

To learn more regarding Title IX and sexual misconduct policies, how to report an incident, or seek support visit: https://knowmore.fsu.edu. Information regarding the FSU policy on sexual harassment, actions that constitute sexual harassment, and the reporting procedure for sexual harassment can be found at https://hr.fsu.edu/?page=eoc/eoc_sexual_misconduct.

DR. PAMELA L. PERREWÉ
FACULTY ATHLETICS REPRESENTATIVE (FAR)
The intent of this Code of Conduct and Discipline Policy is not to supersede any other NCAA or university policy, nor to judge who is guilty. It is meant to set high standards relating to the Department’s expectations of how student-athletes represent Florida State University and to state the potential consequences for those student-athletes who make poor choices which reflect negatively on themselves and the University. As the University’s most visible ambassadors, student-athletes at Florida State are expected to uphold, at all times, high standards of integrity and behavior which will reflect well upon themselves, their families, coaches, teammates, and the Department of Athletics and Florida State University. Student-athletes are expected to act with propriety, to respect the rights of others, and to abide by all rules and regulations of Florida State University, the ACC, and the NCAA. Failure to do so may result in suspension from the team or even the University.

**SCHOLARSHIP ATHLETES RISK HAVING ALL OR PART OF THEIR FINANCIAL AID REVOKED FOR VIOLATION OF THIS CODE.**

The head coach of each sport has his or her set of team training/conduct rules. The Florida State Athletics Administration will fully support appropriate disciplinary action taken by a coach. Should any student-athlete wish to appeal any disciplinary action, they should contact the Senior Associate Athletics Director for Compliance.

In the case of behavioral problems which involve formal criminal charges by a law enforcement agency, the involved student-athlete will be placed on suspension by the Department of Athletics until the facts of the incident are reviewed.

- In the event the student-athlete is charged with a felony, absent extraordinary circumstances as determined by the administration, he/she will not be permitted to represent FSU Athletics in game competition until such time as the charge is resolved and all court, university, and athletics department conditions for reinstatement have been met.

Absent extraordinary circumstances, as determined by the administration, misdemeanor charges and subsequent discipline, therefore, will be handled by the head coach, after review by the Director of Athletics, relative to circumstances, background, as well as current and past deportment of the student-athletes involved.

Indefinite suspensions can be instituted in any case which an individual’s actions represent the Florida State University and its Athletic program in a manner inconsistent with this code of conduct. The Director of Athletics and head coaches will review each case, independent form any other case, taking into account that no two cases are identical in nature and that each must be assessed based on facts presented. The Code of Conduct is subject to review annually.
STUDENT ATHLETE ACADEMIC SERVICES & STUDENT ATHLETE DEVELOPMENT
SAAS MISSION STATEMENT
The Florida State University Student-Athlete Academic Services (SAAS) program is committed to providing an environment that facilitates the academic success of each student-athlete. The program includes academic advising, career development, tutorial assistance, and learning specialists, services designed to encourage students to value their educational experience. Our focus is to provide a comprehensive support program integrated with the total University that will assist all student-athletes with the transition into college and provide continued support in all phases of academic and professional development, culminating with graduation, job placement, or graduate school.

ACADEMIC SUPPORT SERVICES
Athletic Academic Advisors are responsible for monitoring the academic progress of each student-athlete in the areas of eligibility and progress towards a degree. Advisors assist with class scheduling and major selection and suggest tutoring where needed. Advisors work closely with faculty and coaches to promote effective communication between all parties. Advisors monitor study hall attendance and productivity, as well as checking class attendance and grades. Student-Athlete Academic Services at Florida State University also provides student-athletes with comprehensive educational services to meet the needs of each individual. SAAS coordinates extensively with the FSU Office of Accessibility (OAS) on campus to provide student-athletes with testing and educational services based on their individual needs.

LEARNING SPECIALISTS
Learning Specialists work one-on-one with student-athletes to expand their academic skills and assist student-athletes in developing strategies essential to college success. Areas of focus include time management, reading, writing, critical thinking, and test-taking and note-taking strategies. Additionally, special attention is provided to freshmen and student-athletes with learning disabilities. Learning specialists work closely with OAS to ensure student-athletes are fully accessing their learning potential. Students working with a learning specialist have access to a tailor-made program shaped throughout the semester to assist them in accomplishing their goals.
STUDENT ATHLETE ACADEMICS

STUDY HALL, TUTORING, MENTORS

Study hall is a monitored, quiet space available to student-athletes in the Moore Athletics Center. Students are encouraged to work independently or work with tutors individually or in groups. Required study hall is strongly advocated for many freshmen and select upperclassmen, and tutor schedules are designed around each student's class and practice schedule. Tutoring is free and available to all student-athletes if they request it. Tutoring is provided by qualified undergraduate and graduate students in many subject areas. Specific subject tutoring is available either one-on-one or in groups. Strategic Study Tables are also offered to students to help with organization and study skills. Failure to attend scheduled tutoring and/or mentoring appointments will result in a $15 fee assessed to the student's financial account, unless excused by a SAAS staff member. Please note there will be no excuses issued after the 3rd absence. To request tutoring, please use the “request tutoring” function in GradesFirst, or discuss the need with your athletic advisor or learning specialist.

MENTOR PROGRAM

SAAS has a Mentor Program designed to assist incoming freshmen, transfer and “at-risk” student-athletes with the transition to college and to develop the necessary skills to become a successful student at FSU. This is a developmentally-oriented program designed for mentors and mentees to create meaningful relationships that will foster a well-rounded learning experience not only in the realm of academics but in all aspects of student-athletes’ lives.

During each mentor session the focus is on teaching communication skills for working with professors, note taking and study strategies, university policies, time management and accountability. Each meeting will vary depending on the student-athlete and will be based on the student’s previous performance in the classroom. In addition, mentors should be creating and reviewing weekly task lists and objectives, along with assigning feasible tasks to be completed by his or her next session.
ACADEMIC PROGRESS REPORTS

Throughout the semester (week 5 and week 10), letters are sent out to all instructors seeking information on the academic progress of each student-athlete. Instructors provide the academic advisors with information pertaining to each student-athlete's grade, attitude, attendance, and participation in the course.

PRIORITY SCHEDULING

SAAS has a Mentor Program designed to assist incoming freshmen, transfer and “at-risk” student-athletes with the transition to college and to develop the necessary skills to become a successful student at FSU. This is a developmentally-oriented program designed for mentors and mentees to create meaningful relationships that will foster a well-rounded learning experience not only in the realm of academics but in all aspects of student-athletes’ lives.

CLASS REGISTRATION

Prior to registering for classes, student-athletes should meet with their Departmental Academic Advisor, as well as meet with their Athletics Academic Advisor to develop an appropriate schedule of classes that will meet both your academic and athletic commitments. All degree-seeking students are expected to participate in academic advising. Student-athletes have been granted priority registration which means that on the first day registration opens, all active student-athletes are permitted to register regardless of total number of earned hours or class level. To register for classes:

- Log on to my.fsu.edu
- Click the Future tab then enrollment shopping cart
- Click the box next to each class you have previously added to your shopping cart.
- Click Enroll
- Confirm the courses listed should be added to your schedule
- Click finish enrolling
- If you have any holds/service indicators, they are displayed along with contact information for the appropriate department.
- All classes will appear with a large red “x” showing they were not added successfully. If you have no stops, classes should appear with a green checkmark next to each that was successfully added.
It is the student’s responsibility to make sure they have the required prerequisites or co-requisites for each course in which they enroll. Further, the student is responsible for any changes made to the schedule through the drop/add process without an advisor’s approval.

**DROPPING AND ADDING COURSES**

When is it possible for students to drop/add classes?

- Dates and times for registration windows are available in the Registration Guide and on the web, [http://www.fsu.edu/current/undergraduate/academics.html](http://www.fsu.edu/current/undergraduate/academics.html)

- Drop/add begins two days prior to the first day of classes and ends at 11:59pm on the fourth day of classes.

- Through the 7th week of classes of the fall and spring terms, student-athletes are permitted to drop classes without the appearance of course on transcript or Dean’s permission. Students not on full athletic scholarship may have to repay Financial Aid.

- Between the 8th and 12th week of classes, student-athletes with 60 or less hours, are permitted two late drops. Accumulation of more than 60 hours by an undergraduate student-athlete permits only one late drop. All drops require approval by an Athletic Academic Advisor, a Major Academic Dean and the Registrar’s office. If a student is lower division, the late drop form is housed in UCA 3400, Undergraduate Studies. If the student is upper division, the major department dean has the form.

Other: Students may not drop freshman composition, math or preparatory courses without special approval from their academic dean. **Students cannot drop below the minimum full-time enrollment (12 credit hours) without head coach and Athletic Academic Advisor approval.**

Student-athletes who are enrolled between 12-18 hours will need assistance from their Athletic Academic Advisor to drop a course. The error message a shown to a student when attempting to drop a course is “Minimum course load restriction”. Advisor utilize the unit load override check box to bypass this error message.
STUDENT ATHLETE ACADEMICS

Holds/Service Indicators

Holds are located on the Student Central page on the right hand side under the “holds” area. The most common categories of holds are as follows:

1. **Dean’s Stop**—a student has accumulated 52 hours or less and is off track for mapping. Student-athlete may be required to change major.

2. **Degree Off Map**—a student-athlete has accumulated 53 more hours and is off track for mapping. Student-athlete may be required to change major.

3. **Grad Check Hold**—a student-athlete who has accumulated 90 plus hours and has not requested a graduation check from the University Registrar’s office and or his or her major college.

4. **Health & Wellness Center/Insurance Hold**—student-athlete must see an athletic trainer to have the hold lifted. (The student does not comply with either insurance or immunization Requirements).

5. **Accounts Receivable Hold**—a student-athlete who owes the University money that is not covered by Scholarship i.e. parking tickets, library fines, second FSU card, etc.

Change of Major

Students who desire to change their major must meet the new degree progress requirements for the intended new major. Students may not change to a major in which they will be more than one term “off-course” for MAP milestones. Student-athletes must also meet NCAA Progress Towards Degree (PTD) requirements in the intended new major. If a student is eligible for the new major, the process to change majors is dependent on the student’s classification.

All students must obtain a change of major form to initiate the major change process. The necessary sections of the form must be filled out completely and correctly. Once the form is completed and the needed signatures (i.e. Academic Dean, Mapping Coordinator/Department Advisor, Athletic Academic Advisor) are obtained, the student should work with their Athletic Academic Advisor to have the form processed.
For students within Undergraduate Studies (UGST), completed major change forms should be sent to UGS-majorchanges@fsu.edu. This is also for lower division students only (coded UGST) as colleges have their own internal processes and forms for upper division students (coded BACH).

**COMPUTER LAB**

Located in the Moore Athletics Center (2nd floor), the SAAS computer lab is accessible exclusively to student-athletes. Each computer is connected to the internet, contains programs necessary for academic work, and provides access to free printing.

**QUIZ AND TEST TAKING**

Online exams may be required to be taken at the University Testing Center or through Honorlock per syllabus. Any online exams that are not scheduled with the testing center are not permitted in the Moore Athletic Center. Students must find an alternative location for exam and online quizzes. In addition, on an annual basis, all student-athletes are required to sign off acknowledging they understand and will cooperate with this policy when completing their compliance forms.

**REQUIRED FIRST DAY ATTENDANCE**

University-wide policy requires all students to attend the first day of all classes for which they are registered. Student-athletes who do not attend the first class meeting of a course for which they are registered are dropped from the course by the academic department that offers the course. At the end of each day during add/drop, the Registrar’s office runs a report and each Advisor is asked to go through it to acknowledge which student-athletes were dropped from courses that day. Student-athletes should assume they have been dropped if they do not attend a class. The student-athlete should check their official schedule before the fourth day of classes so that they can avoid incurring fee liability for classes not attended. It remains the student-athlete’s responsibility to verify course drops and check that fees are adjusted.
TRAVEL LETTERS

The student-athlete is responsible for appropriate communication with their professor regarding travel due to competition. Student-athletes are responsible for rescheduling any assignments or tests that will be missed while travelling. Academic Advisors will produce their travel excuse letter via GradesFirst using the template provided on the Shared Drive. Official University activities include official events at which the student is representing the University, such as athletic competitions and academic activities sponsored by a student’s academic department or college.

*Additional sport-specific eligibility requirements may apply. Football student-athletes have additional degree-applicable credit hour completion requirements. Please see a Football Academic Advisor with questions.*
APPLYING FOR GRADUATION

Application for graduation must be done online through Student Central by the Friday of the third week of the start of the semester in which the student-athlete is graduating. The academic calendar can be found at: [http://registrar.fsu.edu/dir_class/acad_calendar.html](http://registrar.fsu.edu/dir_class/acad_calendar.html)

SUMMER SCHOOL

Summer School aid varies by sport and by athlete. In order to receive athletics aid over the summer and to be considered, student-athletes must complete a summer school application. Once the application is complete the athletic Advisor will attend a summer school committee meeting and discuss each athlete who has requested aid. Advisors must be prepared to answer questions regarding graduation, eligibility, and major requirements. After decisions have been made Advisors will communicate to student, coach and sport oversight the final decision. All other financial questions about summer school aid should be directed to the summer school committee.

ACADEMIC STANDING/RETENTION

Note: Effective Fall 2020, the following academic standing and retention standards will apply to all current, transfer, or returning undergraduate students. All students must demonstrate satisfactory academic progress for retention and continued enrollment at Florida State University. Satisfactory academic progress includes, but is not limited to, successful completion of credit hours and progression toward completing a degree. The University reserves the right not to retain students who do not demonstrate satisfactory academic progress.

A minimum Florida State University (FSU) cumulative grade point average (GPA) of 2.0 ("C") or better is required for graduation. Students should maintain at least this minimum at all times to be in good standing. There are five academic status categories at FSU:

Any time a student's FSU cumulative GPA falls below 2.0, the student will have a designation of "Academic Probation" placed on their transcript and the student will be placed on academic probation for their next term of enrollment at FSU. A student who has been placed on academic probation must enroll for not less than twelve and not more than fifteen letter-graded semester hours in their next term of enrollment after being placed on academic probation.

Academic dismissal constitutes a separation of the student from the University for academic reasons. The dismissed student must consult his or her academic dean at the time of dismissal about criteria governing possible reinstatement to the University. Students are not eligible for reinstatement after two academic dismissals. Students dismissed because of low grade point averages (GPA) may be reinstated only with approval of the academic dean.

Undergraduate students who are registered for at least twelve semester hours of letter-grade (A–F) courses are eligible for the dean's list. The required grade point average is 3.5, in all colleges, for any given term. Undergraduate students who are registered for at least twelve semester hours of letter grade (A–F) courses are eligible for the president's list. The required grade point average is 4.0, in all colleges, for any given term. The FSU GPA calculator can be found here: http://myweb.fsu.edu/phanowel/gpa/gpacalc.html
FSU Student-Athlete Development (SADV) is committed to the holistic growth and development of each student-athlete on and off the playing field through Serving, Leading, and Living Unconquered. SADV encourages your total growth in the following focus areas:

- Leadership Development
- Career Readiness
- Personal Development
- Professional Networking
- Community Service

SADV Team

Ashton Henderson
Sarah Petronio
Kyani White-Tate
Darvin Taylor II
STUDENT ATHLETE DEVELOPMENT

LEADERSHIP DEVELOPMENT

- **SLS 1261: Seminole Leadership & Character Academy**
  - Freshman Leadership Course

- **S.A.A.C.**
  - Student-Athlete Advisory Council

- **WOMEN IN LEADERSHIP DEVELOPMENT (WILD)**

- **REAL EDUCATED APPROACHABLE LEADERS (REAL)**

CAREER READINESS

- **SLS 1511: Professional Development**
  - Resume Building
  - Networking & Mock Interviews
  - Adulting 101

- **Student-Athlete Engagement Social**
  - SAs engage with future employers to gain opportunities for jobs, internships/externships, etc.

PERSONAL DEVELOPMENT

- **Seminoles Around the World**

PROFESSIONALE NETWORKING

- **Professional Ready Certificate (PRC) Trip**
  - Students in SLS 1511 are provided an opportunity to network with FSU alumni and boosters in their career fields.

COMMUNITY SERVICE

- **Helper Helper App**
  - Local outreach events are posted weekly.

- **Reading and field days at surrounding elementary/middle schools**
Florida State SAAC is a student-led leadership group dedicated to enhancing the collegiate experience of student-athletes. SAAC members serve as a voice between Seminole student-athletes and the Athletic Department and strengthen unity among student-athletes and members of the student body across campus.

1-2 student-athletes from each sports program are appointed to serve on the SAAC committee each year with an opportunity to be appointed to SAAC’s executive team. If you are interested in leading with SAAC leadership, please contact your team’s SAAC rep or Sarah Petronio (SPETRONIO@FSU.EDU).
SEMINOLE INTEGRITY
FSU’s Compliance Office is here to educate student-athletes, their friends and families, coaches, administrators, alumni and boosters about the NCAA and ACC rules & regulations. Please be sure to always ask a member of your coaching staff or a Compliance staff member if you have a question or problem. Remember... ALWAYS ASK BEFORE YOU ACT!

CONTACT US:
(850) 644-4272
ATH-COMPLIANCE@FSU.EDU

LOCATION:
Moore Athletic Center, 4th Floor (Near SADV Office)

SPORTS WAGERING

NCAA legislation prohibits student-athletes from gambling or wagering on any sport (amateur or professional levels) in which the NCAA conducts a championship or bowl game. The legislation defines wagering as any arrangement that an individual agrees to give up anything of value (e.g., cash, shirt, meal) in exchange for the possibility of gaining something of value. Additionally, student-athletes are prohibited from:

- Pools or fantasy leagues that require fees to enter - you may participate in free-entry contest, pools, or brackets
- Do not provide injury or strategy information to anyone - it could be used by individuals associated with gambling activities.

EXTRA BENEFITS

Extra benefits are items or special arrangements not generally available to the student body or general public. ANY EXTRA BENEFITS VIOLATIONS WILL CAUSE YOU TO BE INELIGIBLE FOR COMPETITION. Examples may include, but not limited to:

- Gifts, cash, gift cards or loans
- Free or reduced costs on products, services, or admission to bars & clubs
- Special discounts, payment arrangements, or credit on purchases
- Use of vehicle or transportation
- Payment for work not performed

Extra benefits legislation also applies to a student-athlete's family and friends.
AMATEUR STATUS & AGENTS

Student-athletes shall be ruled ineligible for participation in intercollegiate athletics if they or their family member ever:

- Have ever agreed (verbally or writing) to be represented by an agent/advisor to market their athletics ability.
- Accept money, transportation, or any benefits from an agent, runner, financial advisor, brand manager, etc.
- Allow an individual to market your athletics ability or reputation.

A student-athlete may confer with legal counsel regarding sports contracts. However, the counsel may not represent the student-athlete in negotiations for such a contract. If you have any questions, please contact the Compliance Team!

NAME, IMAGE, LIKENESS

There will be changes to NCAA rules for the use of student-athlete Name, Image, Likeness. These changes are under review and will likely be effective by Fall of 2021. Currently, name, image, likeness, may be used to promote:

- FSU, ACC, NCAA
- Charitable
- Non-profit
- Educational

You may not miss class for participation in promotional activities.

Currently, name, image, likeness, may NOT be used to endorse:

- Commercial business, product or service
- Athletics skill/notoriety in exchange for pay

Please contact the Compliance Team before involvement in any promotional appearance.

PLAYING & PRACTICE SEASON

Countable Athletically Related Activities (CARA) are the amount of practice and competition hours that a student-athlete is required to participate in per day and week. This includes any meeting, activity or instruction involving sports-related information and having an athletics purpose, held for one or more student-athletes at the direction of a coaching staff member.

During your sport’s season, coaches are permitted to practice no more than 20 hours a week and 4 hours a day. Coaches must also give at least one day off per week.

- Required athletically related activities (RARA) such as film compliance meetings, organized team promotional activities, recruiting, media, fundraising, community service, team building, and travel to/from competition cannot occur on a student-athlete’s day off.
PLAYING & PRACTICE SEASON

During your sport’s off-season (sports other than football), coaches are permitted to practice 8 hours a week, no more than 4 hours of skill instruction per week. Coaches must give 2 days off per week.

During official vacation periods outside of your sport’s season (e.g. summer vacation), any athletically related activity must be voluntary. You must request the activity and it may not occur in the presence of coaching staff. Voluntary also means that attendance is not mandatory and no penalty can be given if you decide not to participate in the activity. Results of the voluntary activities cannot be reported back to the coaches. In the sport of basketball and football, student-athletes may be required to practice for no more than 8 weeks during the summer.

ACADEMIC ELIGIBILITY

Undergraduate student-athletes must be enrolled full-time (FT) or 12 hours during fall and spring semesters.

- Must pass at least 6 degree hours each term of FT enrollment
- Must pass at least 18 degree hours each academic year (fall and spring combined)

- Post Season Requirements: Must earn at least 6 credits during previous term in order to be eligible for post-season play.
  - Football Only: Must pass 9 hours in the fall & meet academic eligibility requirements in Spring to compete in the first four games of the next football season.

Graduate Students must be enrolled FT for 9 semester hours during fall and spring semesters.

- Must pass at least 6 degree hours toward graduate program requirements each each term.

STUDENT HOST - OFFICIAL VISITS

Serving as a student host is an important function to Florida State Athletics. Appropriate conduct is required of you by NCAA, ACC and FSU standards. All entertainment should reflect the University's expectation of appropriate activities and NCAA rules.

A student host is permitted to entertain a prospect during an official visit. A student host may receive a maximum of $75 per day to cover all actual costs of entertaining a prospect and parent/guardian. A student host is permitted an additional $40 per day for each additional prospect he or she hosts.
NCAA STUDENT ASSISTANCE FUND

The Student Assistance Fund (SAF) is available to provide direct benefits to student-athletes and their families, and is intended to assist student-athletes with meeting financial needs that arise as a result of participation in intercollegiate athletics and attending FSU. All student-athletes, including international, are eligible to receive SAF funds, but SAF assistance is not guaranteed. As such, student-athletes should consult with the Compliance Office before incurring expenses they expect to be covered under SAF. Once the student-athlete has received approval from the Compliance Office, he or she may complete the NCAA Student Assistance Fund form located in the Student-Athlete Development Office on the 4th Floor of Moore Athletic Center.

FINANCIAL AID

Student-athletes who require information relating to financial aid should visit Florida State University’s Financial Aid Office website at https://financialaid.fsu.edu/ or contact Cathy Jones (CMJONES@FSU.EDU).
ACADEMIC HONOR POLICY

The FSU Academic Honor Policy outlines the University's expectations for the integrity of students' academic work, the procedures for resolving alleged violations of those expectations, and the rights and responsibilities of students and faculty members throughout the process. The University aspires to excellence in its core activities of teaching, research, creative expression, and public service and is committed to the integrity of the academic process. Truthfulness in one’s claims and representations and honesty in one’s activities are essential in life and vocation, and the realization of truthfulness and honesty is an intrinsic part of the educational process. Students are responsible for reading the Academic Honor Policy and for living up to their pledge to “... be honest and truthful and ... [to] strive for personal and institutional integrity at Florida State University.”

Academic honor policy violations include:

1. **Plagiarism.** Presenting the work of another as one’s own (without proper acknowledgement of the source).

2. **Cheating.** Improper access or use of any information or material that is not specifically approved by the instructor for use in coursework.

3. **Unauthorized group work.** Unauthorized collaborating with others.

4. **Fabrication, falsification, and misrepresentation.** Unauthorized altering or inventing of any information or citation that is used in academic work.

5. **Multiple submissions.** Submitting the same academic work (including oral presentations) for credit more than once without instructor permission.

6. **Abuse of academic materials.** Intentionally damaging, destroying, stealing, or making inaccessible library or other academic resource material.

7. **Complicity in academic dishonesty.** Intentionally helping another to commit an act of academic dishonesty.

**Ignorance of expectations does not justify violating rules.** For more info: [http://fda.fsu.edu/Academics/Academic-Honor-Policy](http://fda.fsu.edu/Academics/Academic-Honor-Policy)
The Florida State University Sports Medicine Department provides student-athletes with the utmost quality health care. Sports Medicine staff is devoted to the care, prevention, treatment, and rehabilitation of injuries and illnesses while maximizing athletic performance. The Sports Medicine Department is dedicated to providing FSU student-athletes with the latest in sports medicine research and technology, and to create an environment that promotes the total wellness of the student, the athlete, and the person.

ATHLETIC TRAINING ROOMS
The Don Fauls Athletic Training Room (located in Moore Athletic Center) is generally open M - F, 7:30am to 6:00pm. During the summer and holiday season, the hours will be adjusted and posted. The Satellite Athletic Training Rooms are open M - F from 1pm- 5pm during the regular season, or until all practices are finished and post-practice treatments have concluded. All Athletic Training facilities are open for designated periods of time so that all FSU athletic teams have the opportunity to use the facilities both prior to and after practices, workouts, and competition.

PHYSICAL EXAMINATION
The NCAA requires that student-athletes have a full pre-participation physical examination prior to the first year of athletic competition; all student-athletes will receive a medical recheck screening annually thereafter. The initial pre-participation physical examination for all incoming athletes must be completed, and all areas cleared by University Health Services and a FSU team physician, before the student-athlete may participate in workouts, practices, or competition. University Health Services will NOT accept any physical performed by an outside provider.

INSURANCE COVERAGE
All student-athletes are required to provide proof of existing medical insurance in conjunction with having their initial or annual physical examination. This policy should provide benefits for athletic related injury. A front and back copy of the participant’s primary insurance card must be on file with FSU Department of Athletics before the student-athlete will be allowed to participate in any practice or competition.
Injuries must be anticipated in any type of athletic activity. Almost without exception, every sport assumes some degree of risk. Any student-athlete requiring medical diagnosis or treatment for injuries or other related medical problems while participating in their Intercollegiate Athletic Program should report this injury or problem to the athletic trainer assigned to his/her sport. The athletic trainer will then administer first aid and make arrangements for consultation, if needed.

If a student-athlete is injured or ill and is restricted from athletic participation, he/she must be granted clearance by the certified athletic trainer or team physician to resume physical activity.

Dietary Supplements
It is required that student-athletes seek the guidance of Athletics Sports Medicine staff prior to considering using any type of supplement not already provided by FSU Department of Athletics. If a student-athlete consumes a dietary supplement without such approval, they assume all responsibility for risk of a positive drug test and the resulting consequences.

Banned Substances
The NCAA conducts random drug tests to ensure safety and fairness of competition. If there is a concern of whether a medication could be banned, the student athlete should consult a member of the athletic medicine staff immediately. A positive drug test could result in loss of eligibility for one calendar year.

All FSU student-athletes will also be subject to the FSU Athletics Substance Misuse program. Please see your athletic trainer for more information about FSU drug testing.

A list of NCAA banned substances can be found here: 2020-21 NCAA Banned Substances.
Florida State University Sports Medicine offers clinical and sport psychology services to student-athletes in need. Our team of athletic trainers, physicians, counselors, and psychologists are trained to help you with any concerns or issues you need help navigating. We are a confidential, professional, and accessible source to guide you to your best self. None of the information you share with your counselor will ever be shared without your permission. FSU counselors come from several different backgrounds and areas of expertise. Counselors of both genders are available.

**WHO TO CONTACT:**

**DR. KEELY KAKLAMANOS**

(DR. K)

DIRECTOR OF CLINICAL & SPORTS PSYCH.

KKAKLAMANOS@FSU.EDU

*CONFIDENTIAL
Our mission for the Performance Nutrition Program at FSU is to provide evidenced-based nutrition services that will maximize the potential of our athletes on and off their field of play. We strive to provide nutrition that ensures maximal athletic performance as well as comprehensive nutrition education that the athlete can utilize throughout their lifetime.

**FUEL PERFORM RECOVER BUILD**

Everything we stand by and incorporate for the athletic department MUST fall under our core values. In order to be great we must instill values into our practice.

**COOKING CLASSES**

Many college students have little to no experience in the kitchen. Our cooking classes use simple recipes to teach a variety of easy cooking techniques to student athletes. Working in groups, SAs cook different parts of the meal and then bring it all together for an easy, nutritious meal.

**TEAM EDUCATION**

The nutrition staff provides educational presentations to all teams at FSU. In these sessions, basic nutrition is explained to the student athletes. Simple topics such as hydration, proper meal timing, recovery tactics, and proper food choices. The overall goal is for the student athletes to learn more about basic nutrition so that they can apply it now and promote a future healthy lifestyle.
Here at FSU, the sports nutrition team offers a variety of different options for the student athletes to properly fuel for their performance. We provide pre/post workout nutrition tailored to the different athletes' needs. The sports nutrition team also provides nutrition around competition. For competitions, meal planning is provided.

**FUELING THE ATHLETE**

**BODY COMPOSITION TESTING**

DEXA is a 6-minute scan that measures body composition as well as bone mineral density. It is able to segment different areas of the body (i.e. right arm muscle mass vs left arm muscle mass). This feature is great for when we have injured athletes trying to maintain muscle mass in a broken limb for example. It is tangible information that we are able to see progress for our athletes during pre, off and during season for example.

Supplements can be very tricky. All athletes are required to report nutrition supplements to the sports dietitian. This allows the sports dietitian to check for banned substances, read current research on the safety and effectiveness of the supplement, as well as the reputation and certifications of the supplement manufacturer. If an athlete tests positive on a drug test they can lose one year of eligibility. If a student athlete ever has a question regarding supplements they can always reach out to their teams sports dietitian or athletic trainer.

**INDIVIDUAL COACHING**

The sports nutrition team has four registered dietitians to provide individual counseling. We provide personal meal plans to help with different body composition goals. We work one on one to help ensure all of the student athletes are able to perform at their best. We also provide medical nutrition therapy for those with medical conditions such as diabetes, GERD, high cholesterol, food allergies/intolerances, etc.

**SUPPLEMENTS & NCAA COMPLIANCE**
Champions Training Complex: All training sessions will be scheduled through the designated Strength and Conditioning Coach.

COYLE E. MOORE ATHLETICS CENTER

Home to the Athletics Administration and support staff, the Moore Center houses all departments within Athletics, equip with a dining facility with a full kitchen, and a mail room. The Volleyball coaching staff, Football operations and coaches offices, recruiting, locker room, player lounge, weight room, and training facilities are also located in Building D of the University Center.

BASKETBALL TRAINING FACILITY

The three-story practice building is located off of Madison Street, adjacent to the Tucker Center. It houses two regulation size basketball courts and locker rooms for both Men’s and Women’s Basketball teams. Additional spaces include a video production and editing room, Sports Medicine area, hydrotherapy areas, a strength and conditioning space, team meeting rooms, conference rooms as well as coaches and administrative offices.

TULLY GYM

Home to our Women’s Volleyball team, Tully stands as a historic landmark in the coming of age of FSU. With renovations and improvements, the 70+ year old icon remains dignified as modern amenities have been put into place to aid in the development of our student athletes. Upgrades to the gym floor, lighting, video board, equipment room, lobby, and spectator seating make this facility an inviting destination for student athletes as well as fans.
HOWSER STADIUM

The rich tradition of FSU Baseball is displayed at one of the finest collegiate baseball venues in the country. The clubhouse, newly renovated weight room and training room, Tradition Room, batting cages, and development areas give the Seminoles the best opportunities to excel on the field. The improved fan experience includes a variety of concession options, a new video board, stadium lighting, and a game day atmosphere second to none.

BEACH VOLLEYBALL

The Beach Volleyball 5-court complex courts is located next to the Mike Long Track and the features include lighted courts, outdoor showers, and shaded bench areas. The facility was among the first in the nation and still stands as a benchmark for emerging programs. The team locker room and lounge are located in nearby Tully gym. A masterplan was recently completed to aid the short term and long term goals of the program and to keep the facility among the nation’s finest for Beach.

MORCOM AQUATICS CENTER

Home to the Swimming and Diving teams, the Morcom Aquatics Center houses a championship stretch 50 meter by 25 yard tank with a constant 8 foot depth offering one of the fastest pools in the southeast. A diving tower with platforms at 1, 3, 5, 7.5, and 10 meters provide our divers the opportunity to practice and compete at one of the nation’s finest facilities. In its brief existence the facility has hosted the USA Senior National Diving Championship, the World Diving Championship Trials, and numerous collegiate and high school meets.

DOAK CAMPBELL STADIUM

Nestled within the walls of the iconic University Center, the stadium currently seats just north of 76,000 fans. With the addition of the Champions Club, giant video boards, continuous ribbon boards around the stadium, and Osceola and Renegade planting the spear, the fan experience at Doak Campbell Stadium is second to none.
SEMINOLE LEGACY GOLF COURSE
An 18 month construction process by the Jack Nicklaus Design Team has transformed the Don Veller Seminole Golf Course into the new Seminole Legacy Golf Course. It is already being acclaimed as one of the finest layouts in the Southeastern USA. The championship course is designed for golfers of all abilities with five tee boxes on each hole to make the course playable for the novice golfer and challenging for the most elite golfers. The practice area for the golf team has been improved and expanded to include a six hole short course layout and maintain the driving range, short game area and chipping and putting portions.

MIKE LONG TRACK
The 400 meter track, surrounded by pines and azaleas, provides a beautiful setting for our teams to practice and compete. The McIntosh Building provides locker rooms, lounge, training room, and coaches offices under the same roof at the track. Plans to add a performance board will further enhance the track experience.

SCOTT SPEICHER TENNIS CENTER
This 12-court facility shared with campus rec is home to both our men’s and women’s tennis teams. With seating for nearly 1000 fans and center court premium seating with awnings for shade, Speicher offers a great opportunity to see some of the finest collegiate tennis in the country. Recent additions to the entry of the complex salute the sacrifice of former FSU student and US Navy pilot, Scott Speicher.

SOCCER/SOFTBALL COMPLEX
Home to the two-time National Champions (2014 and 2018) in Soccer and the 2017 National Champions in Softball, this beautiful complex offers our student athletes state of the art amenities that include locker rooms, lounges, training facility, coaches offices, memorabilia room, and conference rooms for each sport. Recently a shade structure complete with fans and down lighting have been added to the Softball stadium. Future plans include adding new scoreboards to the facility that houses two of our most successful programs.
The Albert J. Dunlap Athletic Training Facility, a full size football field with all the markings, allows our teams to maintain their practice schedules even in inclement weather. A training room and large storage area allow staff easy access to all their practice needs. The facility is shared by many of our other sports when not being used by football.

The Multi-purpose Educational Facility provides our men's and women's Tennis teams with an inclement weather location for both practice and competition. The six regulation courts, an athletics training room, and equipment storage allow our teams the perfect opportunity to prepare for their competitive season.

Florida State University provides the finest Athletics equipment available for its student-athletes. With an emphasis on safety and performance, equipment is fitted and distributed by trained equipment managers for all sports. Nike provides Athletics apparel. Other companies exhibiting a level of excellence in specific equipment areas are used by the university. All apparel and equipment used is governed by the NCAA, and student-athletes are expected to abide by all policies and procedures prescribed by the NCAA, the ACC and the University. These policies are available from all equipment managers.

All Student-athletes must sign the Student-Athlete Institutional Apparel Agreement Form each year. By signing this form, the student-athlete states that any apparel or equipment issued to them will not be sold, traded, bartered, given away or used for any transaction at any time. For additional information or concerns, student-athletes should contact Dane Smith, Director of Equipment Operations, at 644-4362.
The media relations department or often referred to as SID’s (Sports Information Directors) are a support staff that are here to assist you with all forms of media (traditional, digital and social). Our job is to handle all the media that covers our teams and student-athletes and to work with our Digital Media Department and Marketing staff to promote our programs and student-athletes on multiple platforms. Our focus is to always have the FSU athletics department, teams and players portrayed in the most positive way.

**KEY THINGS TO REMEMBER**

- All interviews with the media MUST come through our office. This is for your protection and will allow us to vet the people making the requests before we set up any interviews.
- Any media member that contacts you should be told to go through the media relations office. This includes media from your hometown (U.S. or abroad). We will never give out your contact information.
- We will ask you before we set up any media interview.
- Media members should not be reaching out to you via social media for interviews or comments. If this happens, notify your SID contact immediately.
- Avoid “no comment” in response to a question you don’t particularly want to answer. That can be easily misconstrued as confrontational or as if you have something to hide. A simple, “I’d prefer not to talk about that,” is far more professional, and also provides you with the opportunity to change the direction of the questioning.
ADVICE FROM OUR STAFF

Interviews are part of being a student-athlete at Florida State and a chance to promote your teammates, coaches and Florida State University. Take time to prepare before each media interaction. Work with your sport contact to anticipate questions and determine the talking points and message you want to convey in every interview opportunity.

- Derek Satterfield, Sr. Assoc. Communications Dir., Football

Be on time. If you are going to be late for a scheduled interview, please call us and let us know.

- Chuck Walsh, Deputy SID, Men's Basketball and Women’s Golf

Make every interview a platform for yourself and never take them for granted. It’s a chance to show a future professional organization or employer as well as fans and followers what you’re all about.

- Steve Stone, Asst. SID, Women’s Basketball and Men's Golf

In a group media session, address the person asking the question by name (if you know it) and make eye contact.

- Steven McCartney, Asst. SID, Football and Baseball

Don’t be nervous heading into interviews. In most cases they are not live and if you stumble over your words you can start over. Most media members are not there to make you look dumb and will use the part where you restarted.

- Bret Clein Asst. SID, Volleyball and Soccer

Let your personality shine through. There will be many times you don’t want to say the wrong thing or you will try to say what you think the reporter wants to hear. Make sure you are authentic and be yourself when you speak.

- Layne Herdt, Asst. Director, Digital Media

Since you’re the expert and have inside information, remember injuries, team strategy, lineups, depth chart, etc. are like Fight Club, you don’t talk about them. You don’t want to volunteer any information that could tip your opponents before a competition. Your SID should be able to advise your on how to answer these types of questions before an interview if you’re ever in that position.

- Christa Salerno, Asst. Director, Swimming and Diving/Football
Our digital/social media department works to generate content for both our official website Seminoles.com and all our official social media channels (listed below). Everything we post on our website or social channels will be positive portrayals of our programs, coaches and student-athletes. If you see something negative, it is not coming from an official account we control. The more you can share the content from our official accounts, the better chance we are able to reach the people that you want to see the good things that are happening here in FSU athletics.

**SEMINOLES.COM**

Seminoles.com is the official website covering our athletic department. Statistics, schedules, rosters and biographies for every team and student-athlete are posted there. These are updated by your sport’s SID and you can let your media relations director know if there is anything you want added or corrected at any time. Seminoles.com offers live statistics for many of your games, matches, meets and also has links to apps, TV broadcasts, radio broadcasts, all the departments inside athletics and tons of video content on your teams.
IMG College is the marketing arm of Florida State University Athletics. IMG College is the country's largest and fastest growing multimedia rights holder. IMG College serves as an active partner with more than 100 of America's leading universities, five major conferences, two post season bowl games and two venues. The Office of Athletics Marketing is responsible for promoting Athletics events at FSU. They will enhance the sports programs through the following objectives:

- Coordinate the marketing and promotions of all 20 sports programs and select special events.
- Assist in game management and operations.
- Sell tickets.
- Assist with tournament and corporate hospitality functions and events.
- Coordinate all advertising via print, radio and TV as well as other media.
- Produce and distribute schedule cards, posters, direct mail, and other promotional pieces.
- Generate new sources of scholarship revenue.
Seating for students at all athletics events is general admission. Student-athletes will be admitted to football and men's basketball games via a pass list for each game. The student-athlete pass list system has two steps:

1. The head coach or any full time assistant coach from each team will be responsible for maintaining an accurate roster with the compliance office. This roster will be used to generate a pass list for each game.

2. Student-athletes will be required to enter the stadium via Gate A for football games and the SW Entrance of the Tucker Center for men's basketball. Each student-athlete will be required to show their FSU ID and sign for their ticket which will be scanned at that time. Once the ticket has been signed for and scanned the student-athlete must continue into the stadium. There will be no re-entry permitted if they leave the stadium.

For more information about the student ticket distribution process go to www.seminoles.com, click on Tickets and then Student Tickets.
As the fundraising arm of the University, the Seminole Boosters, Inc. is the lifeblood of our athletics program charged with generating current and deferred contributions for the purpose of enriching the overall educational environment of the Seminole Athletics Program and providing financial security which contributes to the program’s long term growth and prosperity. It is the goal of Seminole Boosters, Inc to help Seminole Athletics leave a lasting legacy as one of the great success stories in collegiate sports history while promoting education, health and physical welfare of the student-athlete at Florida State University. The contributions made to Seminole Boosters provide the frame-work of Florida State University Athletics that makes winning possible: scholarships, facilities, and championship caliber coaches.

Seminole Boosters, Inc. is a not for profit, 501(c)(3) Florida corporation. Seminole Boosters, Inc. is designated as the Direct Support Organization for Florida State University Athletics.

Seminole Student Boosters was created in Spring 2004 and is sponsored by Seminole Boosters, Inc. -the fund-raising organization for Florida State Athletics. Student Boosters sponsors the TRUE Seminole Campaign, the Seminole Uprising Pep Rally, and is the only student organization dedicated to FSU Athletics. Student Boosters is charged with generating student support for all Florida State sports teams and to raise funds for FSU Athletic Scholarships.
